

Section 3 Change of programme policy and procedure

3.1 Policy

- 3.1.1 Students may apply to change programme but there is no automatic right to do so. Considerations in assessing the application include:
- The University's Recognition of Prior Learning Policy (refer to [Admissions Policy](#)).
 - Entry requirements for the programme to which the student wishes to transfer.
 - Programme requirements, including any non-compensable modules.
 - Resource implications.
 - The programme structure and the timing of modules, for example, yearlong versus semester modules.
 - Visa implications.
 - The capacity of the receiving programme.
- 3.1.2 This policy applies for all types of change of programme, for example:
- Change from full time mode of attendance to part time (or vice versa).
 - Change from BA (QTS) to BA programme without QTS.
 - Change of age range in BA (QTS) or PGCE.
 - Change of type of BA/BSc degree scheme (for example, joint to single).
 - Change from a programme 'with placement' or 'with a year in industry' to a programme without 'placement' or 'year in industry' (or vice versa).
 - Change from a Bachelor's programme to an Integrated Master's programme (or vice versa).
- 3.1.3 Where a student is studying part time to retrieve failed modules (refer to [section 31.9](#)), this policy does not apply.
- 3.1.4 Changes should be made at an appropriate point in the academic year (for example, around the start or end of a semester). Authorisation for a change of programme should normally be received **by the end of study week 2 in which the programme is taught**.
- 3.1.5 The request requires the approval of the following before it can be processed:
- Associate Head/Dean of School or nominated representative – current programme.
 - Associate Head/Dean of School or nominated representative – new programme.
 - Registry – for consideration of the regulations.

3.2 Student Visa holders

- 3.2.1 For student visa holders a change of programme would not normally be permitted and therefore, in addition to **section 3.1.5** above, approval from the Visa and Compliance team must also be sought.
- 3.2.2 Student visa holders may request to add a placement year to a programme where the programme allows, however this will require an in-country application to extend their visa; costs and processes for this must be taken into consideration.
- 3.2.3 To ensure the credibility and integrity of our sponsorship, students will not be permitted to remove their work placement year from their programme at any time after their CAS has been processed (Used) by the UKVI or after being issued with a visa, in line with our [Immigration Compliance Regulations](#).

3.3 Programme change procedure

- 3.3.1 Please note that programmes delivered at validated institutions may follow a different procedure, which will be set out in the programme documentation.
- 3.3.2 A student wishing to change programme must complete the online 'Change of Programme' form through their [e:Vision](#) account. The necessary approvals from both the current and new Associate Head/Dean of School or their representatives must be obtained. For more information, please visit our [changing course page](#).
- 3.3.3 The Associate Head/Dean of School, or their representative, for the new programme must confirm the student has met the new programme's entry requirements by demonstrating how the student has met the programme level outcomes for the proposed new programme through modules already completed at the University.
- 3.3.4 Care must be taken to avoid a change of programme where modules are transferred into the new programme, that subsequently mean the programme learning outcomes are not met.
- 3.3.5 The Associate Head/Dean of School for the new programme, or their representative, must be explicit when completing the online form if any modules from the previous programme are to remain on the student record. The information provided on the online form will be used to update the student's record to indicate which modules will be used in progression and award calculations.
- 3.3.6 While the change of programme is being considered students should continue to attend classes and submit assessments for their initial programme. The exception to this is where a student has chosen to suspend their studies.
- 3.3.7 Where the timing of a change of programme results in a student transferring mid-year and this has meant they are unable to complete a non-compensable module the School should refer the change of programme to the Special Cases Panel (refer to [section 3.5](#) Variation of Study for an Individual Student).
- 3.3.8 If the change of programme is proposed at the end of the level the modules to be completed during the next level of study must be detailed on the online form. In the event of changing programme mid-level, the modules that must be completed by the student during the remainder of the level must be specified on the online form by the new Associate Head/Dean of School. Advice should be sought from the Student Records team or Assessment team in Registry by the Associate Head/Dean of School prior to authorising the online form if the student is changing mid-year to or from a programme with yearlong modules.
- 3.3.9 Changing programme or mode of attendance can have implications for a student's funding. Students are required to obtain confirmation from the Student Funding Advice team that they have been informed of the funding implications. It is the sole responsibility of the student to check the funding implications before they confirm this on their change of programme application.
- 3.3.10 The online form must normally be fully completed, authorised, and received by the Student Records team in Registry **by the end of study week 2 in which the programme is taught**.
- 3.3.11 The student and Schools are informed of an approved change of programme by email from the Student Records team in Registry.

3.4 Late changes of programme: policy and procedures

- 3.4.1 If it has been agreed with the Associate Heads/Deans of Schools, or their representatives, that a change of programme can occur **after week 2** this would be considered a late change of programme. In such circumstances the student must make a declaration on the 'Change of Programme' online form that they understand the implications of this late change.
- 3.4.2 Students must understand and appreciate the implications of changing a programme after the week 2 deadline and accept the academic outcome of doing so. Students **cannot use** this late change of a programme as subsequent grounds for an appeal or exceptional circumstances following poor performance in assessments or for grounds for an extension.
- 3.4.3 Associate Heads/Deans of Schools or their representatives for the subject-areas of the programmes concerned will confirm on the Change of Programme online form that the student has received advice and support on meeting assignment deadlines due to the late change of programme. The application for the change will be declined if there will be academic implications of changing programme after the week 2 deadline.

3.5 Variation of study for an individual student

- 3.5.1 Variation of study takes place where an individual student varies their modules or study pattern from the published [programme specification](#).
- 3.5.2 In cases where several students seek the same variation of study the School Quality Panel (SQP) and Programme/Course Lead are advised to consider a change to the programme structure and requirements that will be applied to all students. Variation from the programme specification that will apply to a whole cohort must be approved by the SQP and the Programme Amendment Scrutiny Panel (PASP).
- 3.5.3 Variation from the programme specification for an individual student may be considered in exceptional circumstances. If required, a recommendation from the SQP should be made to the Special Cases Panel (SCP) for consideration.
- 3.5.4 Examples include:
- Following a programme differently to the usual validated pattern, including studying modules out of sequence, particularly if there is a change in level of study.
 - Exemption from non-compensable modules.
- 3.5.5 The SQP can approve the following changes for an individual student without PASP or SCP approval.
- Alternative assessments (refer to [section 11](#))
 - Independent Learning Unit (refer to [section 12](#))
- 3.5.6 When making a recommendation to SCP for a variation for an individual student, the SQP should consider the following:
- Equity for all students, in that it is appropriate to make an exception for this student, as other students may also wish to have this arrangement.
 - A student should not be given an unfair advantage through the variation over other students enrolled on the programme.
 - Professional, Statutory and Regulatory Body (PSRB) compliance.
 - Timing of teaching and assessments, and if modules have prerequisite modules that must be taken.
 - Student workload.
 - That all the programme learning outcomes are still being met.
- 3.5.7 If approved SCP will notify the relevant Registry teams and School to ensure changes to the student's record are recorded, for example, module diets, expected programme end dates, mode of attendance changes.
