FTV Location Contacts and Approaches

Filming permission in York

- a. **Public spaces.** The key contact is the Events and Festivals Officer, tel: 01904 554253, who can help you determine whether the building or land is publically or privately owned, and notify you if there are any key events, activities, or restrictions which may affect where you are hoping to film. Check the Council guidelines forms for more information.
- b. **Private spaces.** We have special arrangements with York Minster. Do not under any circumstance film without first seeking permission.
- c. **Filming unusual activities or those involving traffic.** You'll need to contact the North Yorkshire Police (or relevant local police authority) for permission and to inform them about anything which could be perceived or misperceived as an obstruction or dangerous activity e.g. filming a chase scene. Specific parking requirements or blocking traffic also needs permission.
