

**What it is:** CANON XF-100

**Includes:** N/A.

**What it does:**

Primarily used for documentary shoots due to its versatility.

**Further information:**

A smaller and more portable version of the Canon XF305 but still maintains the image quality and many features from the XF305. Perfect for discreet shoots due to its small form factor.

Available for Year 3 only

**Where to find it:**

Booked and collected from the FTV support hub.
