

Audit & Risk Committee

Constitution and Terms of Reference 2024-25

The Board of Governors and its committees will conduct their business in a way that is consistent with, and reflects and promotes, the University's Equality, Diversity and Human Rights Policy.

The Audit & Risk Committee's constitution and terms of reference meet the requirements of the Audit Code of Practice (Annex C of the Office for Students Terms and Conditions of Funding for Higher Education) and the expectations set out in the HE Audit Committees Code of Practice published by the Committee of University Chairs.

1. Purpose

The purpose of the Audit & Risk Committee is to provide a structured, systematic oversight of the University's governance, risk management, financial reporting, internal control and compliance practices. It seeks to provide confidence in the integrity of the University's arrangements for managing these practices through its annual programme of work and providing independent oversight and reporting to the Board of Governors.

The Committee is authorised by the Board of Governors to investigate any activity within its terms of reference. It is authorised to seek any information it requires from any employee, and all employees are directed to co-operate with any request made by the Committee.

The Committee is authorised by the Board of Governors to obtain outside legal or other independent professional advice and to secure the attendance of non-members with relevant experience and expertise if it considers this necessary, normally in consultation with the designated officer and/or chair of the Board of Governors. However, it may not incur direct expenditure in this respect in excess of £5,000 without the prior approval of the Board of Governors.

The Committee shall review the draft annual financial statements. Where reviewed, the Committee should consider the external audit opinion, the statement of members' responsibilities, the corporate governance statement and any relevant issue raised in the external auditor's management letter. The Committee should, where appropriate, confirm with the internal and external auditors that the effectiveness of the internal control system has been reviewed, and comment on this in its annual report to the Board of Governors.

2. Constitution and membership

The Committee and its Chair shall be appointed by the Board of Governors from amongst the Governors with no executive responsibility for the management of the institution. The Chair of the Board of Governors should not be a member of the Committee. Members of the Committee should not also be members of the Finance and Capital Development Committee. Appendix 1

Engagement of External and Internal Auditors for services beyond their contracts

York St John's auditors were contracted following a full competitive tendering process and they have specific terms of engagement which are managed by the University Secretary and Registrar.

The University Secretary and Registrar is authorised to commission additional internal audit work beyond the scope of the agreed internal audit plan, for example in response to the discovery of a control weakness.

For services not covered by the individual contracts, the University will follow its normal procurement processes and obtain competitive quotes, unless it can be demonstrated that it is in the best interests of the University to engage either of its auditors. In all instances, both the auditors and the University will consider whether the engagements would compromise the integrity of the contractual arrangements and/or professional ethical standards.

In line with the Office for Students' Terms and Conditions of Funding for Higher Education, the University will not engage its external auditors for internal audit work.

All additional engagements will be reported by the University Secretary and Registrar to the next meeting of the Audit & Risk Committee. If the University Secretary and Registrar has any doubts about the appropriateness of any engagements, Audit & Risk Committee approval will be obtained before the appointment is confirmed, or utilising Chair's Action if there are time constraints and subsequently reported to the next meeting.
